

## One-hour Interactive Sessions on "Manifest the Vivekananda in YOU<sup>th</sup>"

Swami Vivekananda, one of the greatest visionaries of the world, had a great faith on channelizing the youth power towards nation building. His electrifying words have been motivating millions and millions of people towards serving the nation and leading a life of fulfillment.

Disha conducted one-hour sessions on "Manifest the Vivekananda in YOU<sup>th</sup>" in lieu of Vivekananda Jayanti . The program was unique in both its approach and the message. The session included a **talk** on the **different aspects of Swami Vivekananda's personality** (blemish less character, patriotic fervor, cultural ambassador, and propagator of seva) and the second half was dedicated to a **video interaction** which focused on how each individual can imbibe the personality traits of Swami Vivekananda mentioned above.

Disha, with a small but dedicated team, in a span of **one month**, conducted **115 sessions** reaching **94 institutions** taking the message of Swamiji to around **16,000** students. We reached to **the urban, semi-urban and rural** places. The institutions ranged from high school to the post graduate level. We even conducted a few programs for general public.

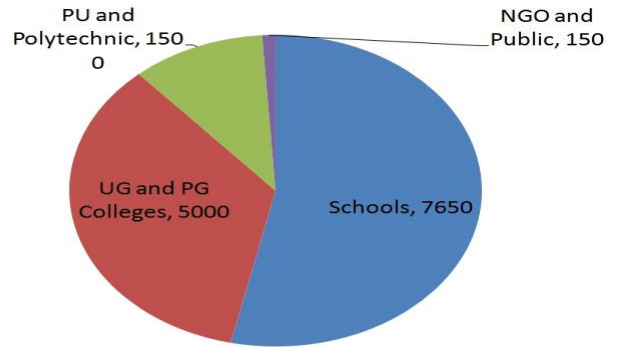

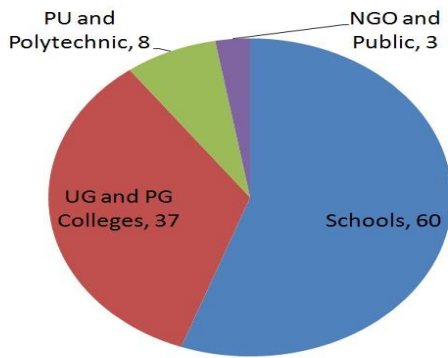

At the end of the session, a few questions were posed to ponder over, so as to manifest Vivekananda in youth -

- *Do you wish to have a blemish less character to become a quality leader?*
- *Do you wish to have that nationalistic spirit to make this nation the super power?*
- *Do you wish to know and have pride in the great heritage and culture of this nation?*
- *Does your heart melts at the miseries of distressed, deprived, poor and needy?*

Overwhelming response that we received from the management and the spark in the eyes of youth created a hope to bring out Swamiji from within towards making Bharat - a Vishwaguru.
